LEAD PROGRAM: INTRODUCTION
DEFINITIONS

DEFINITIONS

THE MISSION OF SIGMA NU FRATERNITY, INC.

To develop ethical leaders inspired by the principles of Love, Honor and Truth.

To foster the personal growth of each man’s mind, heart and character.

To perpetuate lifelong friendships and commitment to the Fraternity.

THE VISION OF SIGMA NU FRATERNITY, INC.

Excelling with Honor

The words Leadership, Ethics, Achievement and Development all have a special meaning in this program.

Leadership means having a vision, a sense of direction. It also means being able to focus that direction on special ways to get you there. It includes helping others to have influence, power and initiative to support making the “trip” successful.

Ethics for us means putting Love, Honor and Truth into practice in every aspect of our life.

Achievement includes setting high standards of excellence for one’s own performance, being strongly motivated through personal goals and wanting feedback to correct the course of our endeavors.

Development has the special meaning of commitment to continuing improvement for self, others, chapter and the General Fraternity. We may not be perfect, but we should strive to reach our fullest potential.

LEAD is Sigma Nu’s award-winning ethical leadership development program. In alignment with Sigma Nu’s continuing efforts “To develop ethical leaders…” we offer the LEAD Program as a tool to assist our membership in both gaining the knowledge and developing the skills and abilities needed to be an effective and ethical leader for life.

The LEAD Program is a comprehensive ethical/leadership development program designed to ensure participants “learn by doing.” We encourage all our collegiate chapters to utilize our LEAD Program to the fullest extent possible.

This section is a compilation of all the information and resources needed to fully implement our LEAD Program. Whether you are a collegiate member with a specific question about a specific session, an alumus interested in going through the online sessions, a guest facilitator looking for session materials or parent just looking to become more involved with the Fraternity, this is a great place to start.

Similar to Sigma Nu’s Digital Delta, the online component of the LEAD Program is an interactive, self-paced experience designed to meet the unique needs and learning styles of our collegiate members.

For the past several months we have been working to update and redesign the presentation of Phases I-IV of the LEAD Program. This redesign was undertaken to improve the quality and impact of the membership development experiences and opportunities provided to our membership.

The redesigned presentation of the LEAD Program breaks sessions into two (2) equally important and distinctive components.

1. Online portion: Accessed via the Members Area and completed by students on an individual basis. Participants login and complete the online portion of each session prior to attending the facilitation. During the online portion, participants engage the session content in an interactive format that includes videos, audio voiceovers, activities, handouts, journaling exercises and quizzes.
   - Participants print all relevant handouts from the online portion to bring to the facilitated portion.
   - Completing this portion of the session provides a knowledge base that the participants relate to and build upon in the facilitated portion.

2. Facilitated portion: Completed in a workshop/discussion setting which is attended by all phase participants. Participants attend the facilitated portion of the session. This should be scheduled and announced in advance to allow time for participants to engage the online portion of the session.
   - Completion of the online portion builds a base of knowledge from which participants can relate to the interactive, hands-on, and application approach of the facilitated portion.

5 QUESTIONS

Vice Regent John Hearn (Georgia)

1. What is ethical leadership?
Ethical leadership is motivating a group of individuals to achieve a noble goal through honorable means.

2. What are the characteristics shared by excellent chapter officers?
The officers with whom I’ve worked who have had the most success are those who lead by example with vision and courage. They set a noble vision — one that’s honorable and begins with an end in mind. They communicate it relentlessly and, in the process, develop followership with others to help accomplish the goals. These inspiring leaders establish a “soft-accountability” culture and they cordially follow through on the commitments of others, seeking respect rather than popularity. Through these things — leading with vision and courage — they’ll achieve mutually developed and agreed upon outcomes.

3. How can fraternities stay relevant over the next ten years and beyond?
If you were to poll every fraternity in the U.S. about why someone should join their organization, the vast majority of those individuals would use the term “brotherhood” in their answer. Brotherhood is absolutely something we want to embrace and foster; however, our message must be broader. People “buy” differences, and we must show how we are uniquely relevant in the 21st Century. We must articulate Sigma Nu’s value proposition as providing an unparalleled return on investment. We must provide examples of

From this, the following office. A best practice learned in our work on Task Force Hopkins involved developing a robust committee system. Placing younger members on these committees allows them to witness first-hand how to do things well. As they learn, they’ll be ready to carry on the success of the chapter, and the positive cycle will repeat itself. While not always recognized as such, operational sustainability among a chapter officer’s most important legacies. Another piece of advice for incoming officers is to run your meetings in the following fashion:

1) Establish an agenda for every meeting.
2) Establish a timeline for the meeting.
3) End each meeting with a summary of the action items discussed, who is responsible for each action item, and the date each item will be accomplished.

The subsequent meeting should include a status review of the previously made commitments from the team. Leaders who follow this simple process will better accomplish goals, empower others and achieve a great deal during their term.
Theta Kappa Alumni Mentor Program
(Alumni Mentor & Big Brother Program)

**mentor** [men-tawr, -ter]

*noun*
1. a wise and trusted counselor or teacher.
2. an influential senior sponsor or supporter.

*verb (used without object)*
3. to act as a mentor: She spent years mentoring to junior employees.

*verb (used with object)*
4. to act as a mentor to: The brash young executive did not wish to be mentored by anyone.

Origin: 1740–50; after Mentor (< Greek Méntōr )

Related forms: men·tor·ship, noun

Synonyms: adviser, master, guide, preceptor.

The Theta Kappa Alumni Mentor Program is a novel and dynamic component of our future Chapter and our Brotherhood Development model – it is designed to augment our Candidate Education Process, the brotherhood experience, and the LEAD Program as well as differentiate our chapter at GSU. The spirit would be similar to the Big Brother/Little Brother Program, which we are all familiar with from when we were in school. To be honest there is a little of the Big Brother/Little Brother in this to create a stronger bond between alumni and undergraduate, while at the same time providing meaningful career insight longer term. It provides an opportunity for alumni to mentor a collegiate brother with similar majors and/or career aspirations and build a deeper friendship with an undergraduate member. To our knowledge, no other chapter at GSU offers such a development tool to its active members. Theta Kappa Alumni from around the country have responded to the call for volunteers and will begin to actively participate in the program as it matures.

The purpose of the “Alumni Mentor Program” is to:

- Provide collegiate brothers with a mentor from the chapter alumni ranks.
- Augment the collegiate Big Brother role with experienced alumni big brother.
- Provide guidance on Fraternal, Collegiate & Career development that will assist the young man develop his full potential.
- Provide “industry” context for fields that collegiates are interested in that go far beyond the academic aspects of university life.
- Strengthen the connection between collegiates and alumni of the Theta Kappa Chapter.
- We are trying to go outside of the Alumni Advisory Board and the House Corporation to engage a wider group of alumni.
- The Theta Kappa Alumni Mentor Program demonstrates dedication to the future success of Theta Kappa’s Active Chapter. Modeled after the Mu Chapter's program, which was designed to:
  - Pair actives with designated approved alumni in a similar career path
Provide opportunities for Theta Kappa and Sigma Nu Alumni to spend time (either on the phone or in person) with actives who have expressed a strong interest in a particular career path or leadership arena.

In an ideal scenario (this is not always possible, but these are our goals) alumni mentors and undergraduate mentored members will be paired based on:
- A strong desire to volunteer and/or be mentored.
- Desired career path or projected career industry.
- Comparative degree programs and course of study.
- Geographical proximity to hometown or Statesboro.
- Available pool of alumni volunteers for this program.
- Prior experience in the program or volunteering with Theta Kappa.

The requirements of the “Alumni Mentor Program” are:

We envision is periodic conversations on the phone, text or email with possible face-to-face visits, if travel is already planned, offering practical advice on collegiate studies with “real life” career planning and preparation for a collegiate going into the working world.

- The program requirements are what you make of it and we are looking for feedback. We anticipate the following:
  - Professional career advice with “real life” experience.
  - Periodic Phone Calls (at least monthly).
  - Possible visits to GSU or visits on breaks (optional).
  - Possible visits to company office or corporate locations (optional).
  - Possible short internships or introductions to the company (optional).
  - Possible professional industry periodical or article reading assignments.
  - We believe it is whatever makes sense and will vary by course of study, career, industry, or the members involved – we believe the mentor team is the best to decide that.
  - We seek to proof out the concepts, then formalize those processes that work, and continuously evaluate and improve the program as well as the experience.

- All parties agree to abide by The LAW of Sigma Nu Fraternity, Inc., the Risk Reduction Policy and Guidelines of Sigma Nu Fraternity, Inc., the Theta Kappa Bylaws, and sign a “Sigma Nu Alumni Code of Conduct & Affirmation of Policies” agreement.

This program will be discussed during Rush events, will be reviewed with undergraduate chapter, and will be presented to the new candidate parents on the initial “Parents' Call” we conduct each semester.

Sigma Nu Fraternity – Theta Kappa Chapter – Alumni Information Sheet v9.1 – 11/05/2012
Information about our Alumni Database & where to find us...

Theta Kappa maintains an alumni database in addition to the Sigma Nu Fraternity HQs database. The reason we do this is probably obvious, but worth restating – Sigma Nu has over 200,000 alumni and we have less than 1000; no one needs our chapter alumni information like we do, so we need to manage and look after it like no other can as we connect with our alumni through a variety of sources. We do share updates periodically with the Sigma Nu Fraternity HQs (usually quarterly), so they are getting your updates and your fraternity record is updated.

We have 3 basic sources (we manage) where you can find information, what is going on, and where people are:

- **Facebook** – we have a group called “Sigma Nu - Georgia Southern - Theta Kappa”; if you are not already a member consider joining this group so you can keep up with our alumni chapter, brothers, and friends. You can then add members as personal friends and get the normal Facebook updates on them. The site is: http://www.facebook.com/groups/sigmanugsu/.

- **Chapter Website** – this is located at www.sigmanugsu.com (place on your safe list); it is a repository for chapter/alumni information and events. It is basically a tool that puts us on the web that helps us manage chapter and alumni operations beyond Facebook. You can sign up for notifications, search for other alumni, and it has a personal “dashboard” (once you sign in) that gives a snapshot of what is going on.

- **Alumni Database** – this is managed behind the scenes and we use for keeping up with our members, alumni, and friends. We try to incorporate updates we see on Facebook and the website, but the best way to update us is through the enclosed “alumni information update”. We exchange this information and the address information we gather with the Sigma Nu Fraternity HQs staff, so they can update you as well.

If you have question or updates please contact us at alumni@sigmanugsu.com.

**LEAD – Looking for facilitators – consider volunteering!**

Our Chapter implemented Sigma Nu’s groundbreaking LEAD (Leadership, Ethics, Achievement, & Development) Program and is excited about the prospects it brings. In order to increase the value to the membership and chapter, they are looking for alumni and faculty facilitators to assist. Several alumni have already volunteered to assist in the development of our young men. In 2011-12 we started utilizing GSU’s City Campus/E-Zone for LEAD which is one of the benefits of being a founding and continuing sponsor of the E-Zone.

**LEAD – Phase 1**

1. Fraternity
2. History
3. Leadership & Working in Groups
4. Sigma Nu Organization & Operations
5. Risk Reduction
6. Values
7. Ethics
8. Leadership: The Basics
9. Project Management
10. Ritual: The End...The Beginning
11. Community Service (Optional)
12. Time Management (Optional)

The LEAD program has prepared facilitator manuals, handouts, audio/visual materials, a web interface, on-line exams/quizzes, and handbooks. For volunteer facilitators there is a website and on-line materials to help you prepare. LEAD Phase 1 is designed for the candidate period; LEAD Phases 2-4 are for follow-on years in school – all designed to prepare members to be better brothers, leaders, citizens, and for the world of work.

For more information on LEAD please visit the chapter website (www.sigmanugsu.com), Sigma Nu’s LEAD site at http://www.sigmanu.org/programs/lead/index.php or www.sigmanu.org. If you are interested in learning more or possibly facilitating, please fax this to 404-478-8887, email a note to alumni@sigmanugsu.com, or contact our LEAD Advisor on the AAB, alumnus Larry Sands, Thk 325, at 912-210-7646 or lsands@valleymcrest.com.
